# Kagan Higher-Level Thinking

**I**n this dynamic, hands on workshop you will experience simple instructional strategies to engage and develop the fifteen most fundamental thinking skills. Adopt simple structures to develop each of these skills with no time away from your academic curriculum. Learn how to embed the thinking skills into how you teach, so every lesson becomes a thinking skills lesson. Improve academic engagement, retention, and achievement — but most importantly, prepare every student with thinking skills they will use for a lifetime!

## Workshop Highlights:

### Structures for Success

- Explore the 15 most fundamental thinking skills.
- Develop thinking skills as part of every lesson.
- Integrate thinking skills across your curriculum.
- Put team dynamics to work.
- Jump start student's critical and creative thinking.
- Prepare students for a rapidly changing world.

## Date

Thursday 5th & Friday 6th  
November 2009

## Time

8:30 am Registration  
9:00 am – 3:30 pm Workshop

## Participant Reviews:

**"I loved learning about these techniques and can't wait to apply them in my classroom— tomorrow hopefully! The techniques and information presented also help me broaden my own thinking!"**

— Jennifer Steljes, Secondary Teacher

**"So much information to take back to my classroom! Great strategies for making thinking a cooperative activity. Loved the chart to help implementing structures. A really positive environment for teachers."**

Gail Pirics, English Teacher
